Huntington Hospital  
Pasadena, CA

M.D., Keck School of Medicine  
University of Southern California

B.S., Biology  
Duke University

### LANGUAGES

- Spanish

### SUMMARY OF EXPERIENCE

Dr. Compoginis grew up in Southern California after moving here from Austin, Texas at the age of three.

After spending four years in North Carolina for college, she moved back to Los Angeles and joined the UCLA Department of Child Psychiatry. Her experiences led her to medical school at USC.

During medical school, Dr. Compoginis fell in love with both her future husband and the field of dermatology. She conducted research on malignant melanoma and spent two summers at Camp Wonder, a program for children with severe skin diseases.

She was elected to the Alpha Omega Alpha Honor Medical Society during her third year, an honor awarded to only the top five percent of her class.

As a resident at the busy LAC+USC Medical Center, Dr. Compoginis received extensive training in all aspects of medical, surgical, and cosmetic dermatology. Currently, she is a member of the American Academy of Dermatology.

She is thrilled to be part of HMF and to serve the surrounding community.

### ON A PERSONAL NOTE

Outside the office, Dr. Compoginis enjoys reading, hiking, movies, and cooking.

She loves watching college basketball and has been known to dabble in a few reality TV shows.

She has served on the Polytechnic School Alumni Board since 2007. She lives with her husband in Pasadena.
