Bachelor of Medicine and  
Bachelor of Surgery  
M.S. Ramaiah Medical College  
Bangalore University  
India

### LANGUAGES

- Hindi
- Kannada
- Limited Spanish

### SUMMARY OF EXPERIENCE

Before joining HMF, Dr. Nandi worked at several medical practices in the Los Angeles area. She gained practical

experience in general medicine as well as preventive medicine, prenatal care for expectant mothers, and geriatrics.

In Ohio, she was a resident physician at two different clinics, both serving under-privileged patients.

She spent two years as a volunteer in the Neonatal/Pediatric Cardiology Department at USC's Women and Children's Hospital.

While attending medical school in her native India, Dr. Nandi was a volunteer for the programs sponsored by the Rotary Club, the Lions Club and the World Health Organization (WHO).

She visited rural areas to offer residents eye exams, family planning services, tropical disease awareness, vaccinations, and nutrition programs.

Dr. Nandi says she chose family practice because it allows her to see the “big picture” for each patient and often for their spouses and older children as well.

### ON A PERSONAL NOTE

When she's not treating patients, Dr. Nandi spends most of her free time caring for her two young sons and helping with their school and extracurricular activities.
