

## HMF 2009 Flu Shot Hotline

Please call the flu shot hotline at (626) 397-8328 for information on vaccine ability.

Warning! If you have a fever, serious flu or cold symptoms, allergy to eggs or chicken proteins, allergy to latex, Guillian Barre, are pregnant or plan on conceiving in the next three months, are receiving chemotherapy, radiation, have HIV/AIDS or any immune disorder, you are NOT eligible for a flu shot at these clinics. Please see your primary care physician for your vaccination.
